

PRESS RELEASE

ENAV selected as sole vendor for the modernization of the airspace of Saudi Arabia

Rome, March 12, 2020 - ENAV announces that it has been selected as sole vendor for the *Saudi Future Airspace Concept (SFAC)*, together with its subsidiary IDS AirNav and its partner Blue Horizon Telecom.

ENAV has been selected by GACA (General Authority of Civil Aviation of the Kingdom of Saudi Arabia) jointly with SANS (Saudi Air Navigation Services) and the contract has a total value of 12 million euro and is expected to be completed in 3 years.

In a recent visit by the SANS CEO Ryyan Tarabzoni to the ENAV offices in Rome Ciampino, the two companies identified a number of additional potential areas of joint collaborations.

The CEO of ENAV Roberta Neri stated: *We are proud to have been selected by GACA and SANS for this important project and look forward to a long and fruitful relationship between our companies.*
